

Academy Values Ethos and Vision

De Warenne Academy is a close-knit community and we pride ourselves on knowing our students well and doing our utmost to ensure everyone fulfils their potential

We aim to ensure that our students can learn in a safe and supportive environment, where everyone values academic achievement and has a positive attitude to learning. We strongly encourage our students to take part in a wide range of enrichment activities in order to discover all their strengths and talents. We also regularly organise whole school events and educational visits so that our students have experience of learning beyond the classroom.

Ultimately, we understand that our students are most successful when they feel happy, valued, challenged and supported to achieve their very best. Our dedicated and talented teachers and support staff are committed to ensuring the best possible outcomes for every child in our care.

De Warenne Academy prides itself on being:

- A school with high standards and expectations, where all students enjoy their learning and achieve to the best of their ability, giving them the skills to take them forward into the world of work.
- A learning centre which develops lively and enquiring minds, enabling students to become confident and ambitious.
- A highly inclusive school which works in partnership with local agencies and supports a personalised curriculum for all students.
- A school where courtesy, co-operation, tolerance and respect are paramount.
- At the centre of the community in its service to others and in promoting community cohesion.

De Warenne Academy is part of Delta Academies Trust, an educational charity led by Paul Tarn, our Chief Executive.

All members of Delta Academies Trust share the same broad ethos, values and principles and are 'Changing Lives'. Delta Academies Trust prides itself on having high expectations for the individual and for raising community aspirations.
